RBF Consulting (RBF) is a full service, consulting firm offering a broad range of capabilities for the Planning, Design and Construction of the built environment.

RBF's Team of highly qualified and experienced Construction Managers, Engineers and Inspectors work closely with public and private sector clients to achieve superior results on their projects. RBF's office and field staff apply and integrate comprehensive project controls to manage critical issues of time, cost, quality, technology and communication.

RBF's management and delivery approach is supported by our multi-disciplined resources. These resources enable us to take complete responsibility for the project, give Clients a single point of contact from concept to completion, and ensure continuity between design and construction. Additional services offered include:

- *Constructability Reviews*
- *Value Engineering*
- *Schedule Monitoring*
- *Program Management*
- *Design Build Oversight*
- *Claims Management*
- *Cost Estimating*
- *Document Control*

Maintaining constant communication with our clients is an integral part of our project management solution. This, along with our extensive engineering and management resources, and recognition of critical path issues, allows RBF's Construction Management Team to deliver a successful construction project, on time and within budget.
