RBF Consulting (RBF) offers clients a full team of experts for the planning, design, and construction of resort and entertainment projects. Founded in 1944, RBF has a rich history of successful project completion nationally and internationally.

The firm's experience in providing professional services for hotels, conference centers, resorts, entertainment complexes and performing arts facilities has ranged from world-renowned theme parks and five-star resorts to local theaters and auditoriums.

RBF has the capabilities to successfully undertake and manage the many unique and complex aspects of the resort and entertainment development process. Highly experienced experts ranging from engineers and surveyors to construction managers and environmental specialists are available to assist clients in all aspects of development in the resort and entertainment industry. With twelve offices located throughout the Southwest, RBF's multi-discipline staff is prepared to fully accommodate the needs of clients.

The firm's unique multi-disciplinary capabilities and close working relationships with experts in related fields allows RBF to develop engineering teams capable of effectively and comprehensively handling resort and entertainment projects throughout the Western United States, Mexico and the Pacific Rim.
