## CLIENT SERVICES

Sustainable design services have been an integral part of RBF Consulting's purpose and mission for over 35 years. These services consider the three components of sustainability... Ecological Balance, Social Progress and Economic Growth. The RBF experts in planning, civil and environmental engineering, surveying and mapping assist public agencies, organizations and private development clients in meeting the needs of the present without compromising the ability of future generations to meet their own needs.

### ENVIRONMENTAL

*Environmental Planning / Analysis / Mitigation*  
*Greenhouse Gas Emissions*  
*Habitat Preservation, Restoration / Mapping*  
*Hazardous Materials Assessments / Historic Use*  
*Resource Monitoring*  
*Air Quality / Noise Studies*  
*Regulatory Permitting*  
*Wetland Delineation*  
*Global Climate Change Analysis*  
*Integrated Watershed Analysis*

### PLANNING / DESIGN

*LEED Project Design*  
*Site Optimization*  
*Sustainable Development Codes / Design Guidelines*  
*Public Outreach and Community Involvement / Collaboration*  
*Transit-Oriented Development*  
*Sustainable Policy Development*  
*Smart Growth*  
*LEED Certification*  
*Sustainability Education / Outreach*

### WATER / STORMWATER ENGINEERING

*Watershed Management*  
*Pollution Prevention Plan Development*  
*Stormwater Quality*  
*Low Impact Development*  
*Flood Management*  
*Integrated Water Management*  
*Water Reuse / Recycling*  
*Desalinization*  
*Rainwater Collection, Greywater Systems*  
*Stream Restoration*  
*Best Management Practices (BMP's)*

### REDEVELOPMENT / URBAN REVITALIZATION

*Brownfield Redevelopment*  
*Urban Revitalization*  
*Infill and Redevelopment Site Planning*  
*Community Economic Development Strategies*  
*Alternative Transportation / Land Use Scenario Planning*  
*Recycled Building Products / Strategies*

### LANDSCAPE ARCHITECTURE

*Context Sensitive Design*  
*Solar / Alternative Energy Use*  
*Reclaimed / Recycled Water*  
*Porous Pavement Systems*  
*Locally Sourced Materials*  
*Local Artisans / Craftsmen*

### ADDITIONAL SERVICES

*Transportation Systems*  
*Land Development Planning / Engineering*  
*Public Works Engineering*  
*Structural Engineering*  
*Geographic Information Systems*  
*Survey*  
*Mapping*  
*Construction Management*
